

Invitation to take part in research about Pain Education

Are you any of the following ..

- ✓ **A patient** who has seen a physiotherapist for acute or chronic pain?
- ✓ **A physiotherapist** who supports patients with acute or chronic pain?
- ✓ **A clinical academic or academic** who teaches about acute or chronic pain?
- ✓ **A physiotherapy student** enrolled on a UK pre-registration course who has completed at least 3 clinical placements?

Would you like to **share your views** and perspectives about pain education for physiotherapy students?

Can you attend a **focus group discussion or interview** (via **phone, online or face to face** at Leeds Beckett University) lasting approx 1-1.5 hours?

The **purpose of the study** is to improve pain education for physiotherapy students

We will ask you to **draw on your experiences** of physiotherapy; as a patient living with pain, as a clinician supporting people with pain, as an educator delivering pain education, or as a student learning about pain.

You will be asked for your **views and perspectives about alternative ways of educating physiotherapy students about pain** (information will be provided at focus group/interview).

Light refreshments will be provided for those attending face to face focus groups or interviews at Leeds Beckett University. This study has ethical approval from Leeds Beckett University.

We hope you can take part!
